# STAFF PROTECTION

## KN95 PROTECTIVE FACE MASKS

Face masks can be worn to protect care home staff from viral and bacterial microbes. These masks have a 4 layer structure which provides a filtering effect of 95% minimum.

- White face masks
- Two earloops
- Provided in packs of 10
- KN95 is the equivalent of FFP2 European regulation

Product name	Size	Product code
KN95 Face masks (packs of 10)	16.5cm x 10.5cm	DP300

## DISPOSABLE 3-PLY FACE MASKS

Blue and white 3-ply disposable face masks for use as a face covering. Ideally worn when in situations where a 2m distance can't be maintained. Prevents touching your nose and mouth by accident.

- Blue & white face masks
- Two earloops
- Provided in packs of 50
- Complies with GB/T 32610-2016

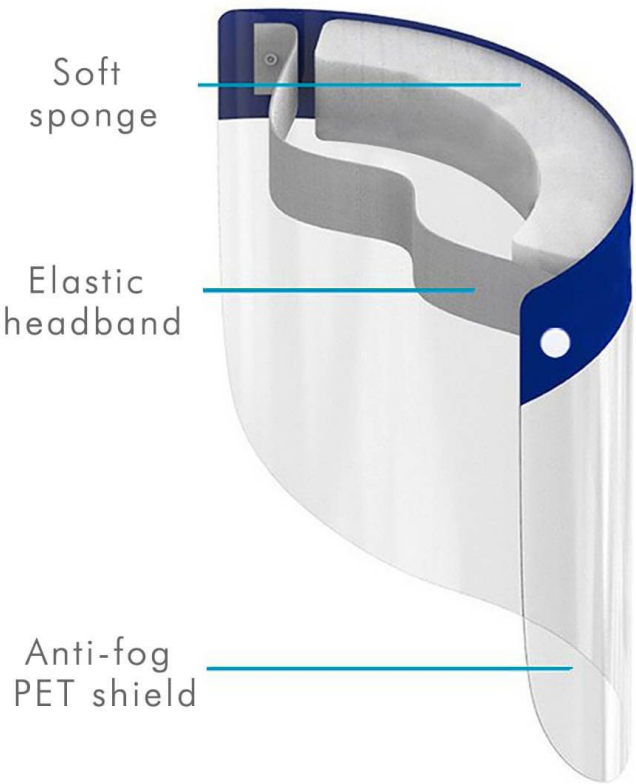

Product name	Size	Product code
Disposable face masks (packs of 50)	17.5cm x 9.5cm	DP301

# STAFF PROTECTION

## SPLASH PROOF FACE SHIELDS

Transparent medical face shield protects the entire face when worn with a face mask. Anti-fog coating prevents misting.

- One size fits all, due to the elastic headband
- Splash-proof & anti-fog
- Wipeable & re-usable
- Protects your face from coughs and sneezes

Product name	Size	Product code
Face shields (sold individually)	29cm x 24.5cm	FP000

# STAFF PROTECTION

## POLYTHENE COVERALL APRONS

Disposable polythene coverall aprons, can be worn over usual staff uniform or scrubs for protection against fluids and bacterial penetration.

- 18 Micron count
- White aprons
- Full front and back torso coverage
- Apron measures 77cm by 105cm
- Provided in packs of 50
- Easy rip to remove

Please note: The image is for illustrative purposes only. The shape of the coverall apron may differ slightly.

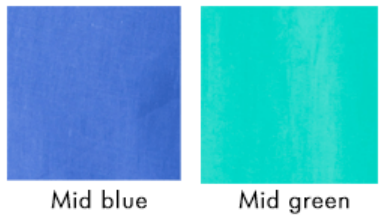

Product name	Size	Product code
Polythene coverall aprons (packs of 50)	77cm x 105cm	DP200

## MEDICAL JACKET

Long sleeved additional outer layer worn by medical staff and care home staff to keep warm, to provide extra coverage.

- Long sleeves for full arm coverage
- Elasticated cuffs for extra security
- Available in sizes: S to 3XL
- Choose from mid green or mid blue
- Suitable for thermal disinfection

### Colours available

Measurements	S	M	L	XL	XXL
Chest circumference (cm)	107	119	129	142	147

Product name	Size	Product code
Medical jacket – long sleeved	S, M, L, XL, 2XL, 3XL	SS817

# SAFE DISPOSAL

## POLYTHENE LAUNDRY BAGS

Polythene plastic laundry bags are used in most NHS hospitals, as well as in care homes, salons and clinics.

Whenever there is a need to transport fouled or infected linen to the laundry then these plastic laundry bags are more hygienic and safe than using fabric equivalents.

Colour coded for easy identification. Available in red to signify fouled, infected or biohazardous linen, also available in green and white.

- Boxes of 500 bags
- Size: 72cm x 100cm
- Available in red, green or white

Product name	Sizes	Product code
Polythene laundry bags (boxes of 500 bags)	72cm x 100cm	LB500

## FULLY SOLUBLE POLYTHENE LAUNDRY BAGS

Designed to minimise contact with contaminated linen, these fully soluble red polythene laundry bags are ideal for simplifying the process of doing laundry.

To use, simply place laundry into the bag, insert into the washing machine and by the end of the wash the whole bag will fully dissolve, leaving freshly washed laundry.

A simple, yet hygienic solution to dealing with soiled or contaminated linen, ideal for use in care homes, hospitals, hotels and more. The soluble bag dissolves in wash temperatures of approx. 60 degrees celsius.

Product name	Sizes	Product code
Fully soluble red laundry bags (box of 100 bags)	77cm x 99cm	LB502
