

Bariatric Oedema slipper socks

Material: Polyester sock with silicone non-slip tread and long soft mesh top

Notes: Latex-free unisex socks

Colour/Size: Dark Grey, 3XL – see overleaf for measurements

Product code: SK003XXX-----DGYP76

Washable: Not suitable for commercial laundering – patient specific

NHS Supply Chain: Available in packs of 100 pairs, code: CVW85005

Circumference at calf stretches from 24cm to 64cm

Mesh design to reduce tightness and to assist with circulation

Circumference at foot stretches from 24cm to 44cm

Double-tread socks offer an anti-slip sock solution, regardless of how they are put on or if they twist during wear

Super soft technical fabric (polyester) which draws moisture away from the body
